## Farm Bureau News

### Get Ready Now

It is now a good time to think about the short pastures that late summer and early fall are after being the main source of food for the stock. The stock actually has to be fed down to the end of the season. This is a loss always, and it may be a serious loss to the owner of the stock.

The farmer who has a silo with some hay in it is a fortunate man. The time of dry pastures has almost passed and there is no longer any hay left for the stock. The farmer who has no silo is at a disadvantage. He has to buy hay or feed his stock on the land. This is a loss always, and it may be a serious loss to the owner of the stock.

### Clover Milder

A white clover milder is now in evidence in many fields of red clover in the county and in many farmers' yards. This milder is a pest and it is a trouble to the farmer. It is a pest and it is a trouble to the farmer.

The County Extension Specialist, Mr. T. J. Foy, spent two days in the county visiting farms that have been affected by the milder. He is now in the county visiting farms that have been affected by the milder.

Considerable interest is being manifested in the county in the milder. There are a number of people who have been affected by the milder. They are now in the county visiting farms that have been affected by the milder.

### WHY HE DOES NOT

#### LIKE MARION

Mr. H. W. Foy, the dry goods merchant, said to a reporter, "I visit this town twice a week and that is not twice as often." "Why?" asked the reporter, "Is it because it is so hot?" "No," replied Mr. Foy, "it is because it is so hot."

## MARION PURE

### FOOD BAKERY

Mr. E. R. Hutson, of Carmi, Ill., has come to Marion and will establish a first class bakery to be located in the H. V. Stone building on North Main Street. Mr. Hutson has for several years operated a bakery at North City, Ill., and sold out only a short time before coming here. The bakery will be known as the Marion Pure Food Bakery.

Mr. E. R. Hutson, an expert machinist of Battle Creek, Mich., has been employed to engineer the building of the oven and other machinery connected with the bakery.

The big oven when ready for use, will weigh more than 10,000 pounds and will have a capacity of 4000 loaves daily. It will be equal to that of the best of the big city bakeries and the people of Marion have cause to be proud that Mr. Hutson has located here. It is his intention to work up a wholesale as well as a retail trade for his bread.

When the bakery is established our people would do well to make it a rule to buy only made in Marion bread.

### HAD

He may wear a last year's straw hat, his finger nails may need manicuring, his vest may hang a little loose and his pants may bag at the knees, his face may show signs of a second day's growth, and the tin dinner bucket he carries may be full of dents and doughnuts, but don't you call him "the old man." He's your father.

For years and years he has been bustling around to get things together. Never once has he failed to do the right thing by you. He thinks you are the greatest boy on earth, but now, even though you plaster your hair back, wear smart clothes, smoke cigarettes and fail to bring home a cent, he is the man who will love and life partnership of the greatest woman on earth—your mother.

He is "some man" and not "the old man." If you win as good a wife as he did you will have to go some.

Selected by Mrs. Jan. A. Moore

### RE-ELECTED HERE

The Board of Education elected Prof. H. L. Jagers the second time before he consented to serve as superintendent of our City Schools. He had decided to return to school but could not refuse the plea of the people of the city of Marion.

Mr. O. R. Brown, who is engineering the construction of the new bakery left for Cincinnati Wednesday.

## HOME TALENT

### REVIVAL MEETINGS

A few days revival effort will begin at the Methodist church next Sunday, May 28th. We will have preaching only at night, beginning promptly at 7:30. The hearty co-operation of the Baptist, Presbyterian, Christian, Cumberland and Methodist people is greatly desired. Each minister in town is most cordially invited to join with us in this work.

Our objectives in the meeting

- 1-To get men saved.
- 2-To build up the spiritual life of the church.
- 3-To call men to life services.
- 4-To induce men to join the church of their choice.

### COMMENCEMENT ADDRESS

After a week's most delightful entertainment, the Commencement exercises of the Marion High School and the Marion Graded School closed Wednesday evening by an address at the school auditorium by Hon. George Colvin, State Superintendent of Public Instruction. Mr. Colvin is an instructive speaker, an orator and a good entertainer and is deeply interested in the schools of Kentucky. His address was listened to by one of the largest audiences ever assembled in the auditorium.

Everyone was delighted with the address and at its close Mr. Colvin received many hearty handshakes from the audience, both old and young. Though admired by all Mr. Colvin seems to have an attraction especially for children and young people. The school faculty are to be congratulated upon procuring him to make the closing address.

### FOUND A JOINT SNAKE

Mr. John T. Stewart who resides in the Deanwood section, while in town the other day related a story which, while he vouches for its truthfulness, he admits it will be hard for his friends to believe. The story as related tells of the finding of what is called a joint snake. This reptile, if it is a reptile, has puzzled the scientists for many years and many persons even doubt its existence. He describes it as being about a foot long, as large around as his thumb and in appearance resembles the spreadhead, which at first he took it to be.

Mr. Stewart says that when he touched the snake with a stick it jumped, separating and scattering itself into thousands of small pieces, each piece seeming to be an independent, living creature. Stepping to watch the disjointed members, which were scattered over a surface of several feet, Mr. Stewart says the pieces began wiggling around toward each other and hooking onto one another until finally all the particles had united and became again one snake.

Realizing that this story would probably be doubted when told to his friends and knowing, from the study of Scripture that from the mouths of two or three witnesses the truth could be established, Mr. Stewart called to Messrs. Fell Walker and Ben Brennan who were passing, and they too will vouch for the truthfulness of the story.

Who will now dare to say "There ain't no such a snake?"

**D**irector of the National Taxpayers' Federation, I would like to commend the Commission on the structure of the United States tax system for its balanced and bold approach to reforming a complex and antiquated tax system. The Commission's report is the first comprehensive study of the tax system in decades. In recommending the reform to the House and Senate committees, Mr. Harkin said, "It is a relief to the people to know that at this critical juncture, the government is seeking all the tax possible and to assure the greatest family tax contribution to a nation."

## Here's Good Advice: Relieve Your Fatigue With Sleep. Avoid Stimulants

THERE is nothing in the world so reconstructive as sound, refreshing sleep. During sleep the system rids itself of the fatigue poisons that have accumulated during the day. The food elements are taken up by the various tissues that require rebuilding nutriment.

It is important that you get plenty of health-bringing sleep. Anything that interferes with your sleep hampers and hinders you—mentally and physically.

A common cause of physical weakness and mental depression is the reaction following over-stimulation by the drug, caffeine, and

other elements found in both coffee and tea.

If you have an idea that coffee or tea drinking may be injurious to your health, why not stop it for a week or so, and drink delicious, fragrant Postum instead.

Postum is a rich, golden-brown, pure cereal beverage. It contains no harmful elements of any kind. You can drink Postum as many times a day as you or the children desire a grateful, refreshing beverage.

Your grocer sells both forms of Postum: Instant Postum (in that made instantly in the cup by the addition of boiling water) Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for fully 20 minutes.

Made by Postum Cereal Co., Inc., Battle Creek, Mich.

## Hail Destroys Millions of Dollars of Tobacco

The loss of tobacco by hail in this and other tobacco states within the last five years has run up into millions of dollars with only a small part covered by insurance.

Yea, the amount of insurance received by growers who had the foresight thus to protect themselves against such loss, was enormous and should make every grower not only feel the necessity of insuring his tobacco crop against hail storm loss but to do that very thing and do it at once.

**What Dr. Halley Says:** Dr. Samuel H. Halley, of the Cooperative Association, upon congratulating an insurance company on lowering its rates on tobacco hail insurance, said: "Within the period that I have lived here I have had four severe losses. The money I received exceeded considerably what I paid in, to say nothing of my peace of mind that I was fully protected in case of a storm. I have always advocated carrying hail insurance on tobacco without which every grower takes a chance to lose all. With it he can, in safety, go into the business of producing a crop which requires, as does tobacco, so much labor, time and money."

Now that the Halley Growers have gone into an organization to handle their business in a modern economic business-like way, I see no reason why all growers can not take out insurance on the reduced rates the companies are now quoting. Look up the insurance agent in your section now, and let him protect you against the loss of your tobacco. Policies effective July 10th, noon.

### GO NO FARTHER

The Evidence is at Your Door  
Marion proof is what you want and the statement of this highly respected resident will banish all doubt.  
Geo. A. Clark, 8 Depot St., Marion, Ky., says: "Doan's Kidney Pills in my estimation are a mighty good kidney remedy. I have had a great deal of trouble with backache at different times, and my back would be so lame across the small of it I could hardly straighten up after bending. When I have had these attacks I got Doan's Kidney Pills at Hayes and Taylor's Drug Store. A few of Doan's has never failed to rid me of backache. I am glad to recommend them to anyone in need of a good kidney remedy."  
Price 50c, at all dealers. Don't simply ask for a kidney remedy, get Doan's Kidney Pills—the name that Mr. Clark had. Foster-McMullen Co., Buffalo, N. Y. (Advertisement)
